Report description:

French consumers have long been cognisant of how sugar intake can be a significant contributory factor in the development of conditions like obesity, type 2 diabetes and tooth decay, as the effects of this substance have been a focal point in media coverage and public education campaigns relating to health and dietary issues for decades. Accordingly, BFY (better for you) no sugar, low sugar and no added sugar are among the best-established claims in health and wellness snacks. The offer of snack...
