Report description:

With the continued development of the health and wellness industry in South Africa, children are being increasingly targeted as a significant consumer group for healthier soft drinks. Much of this is being driven by local parents, who are becoming increasingly conscious of the type of beverages their children are consuming, as well as the contents that could be detrimental to their health. One of the key soft drinks categories under better for you, and one that is seeing high levels of consumer...

Euromonitor International's HW Soft Drinks in South Africa report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors.
