Report description:

Retail tissue registered healthy current value and volume growth in 2023, with facial tissues, and in particular pocket handkerchief, registering the highest current value growth. With that being said, toilet paper remains the largest product area in value and volume terms. In 2023, the category witnessed intense competition in pricing from locally produced value brands. Despite a general decline in toilet paper prices, the category saw a surge in sales volume due to the popularity of these valu...

Euromonitor International's Retail Tissue in Bolivia report offers a comprehensive guide to the size and shape of the market at a national level.
