Report description:

Small local grocers in China includes a broad range of outlet types, from mom-and-pop stores to wet markets. After a year of significant decline in 2022, small local grocers returned to growth in 2023. This was mainly due to the end of COVID-19 restrictions. Most small local grocers are located in residential areas, which benefited from the return of consumer foot traffic. Small local grocers in rural areas drove growth, due to the lack of chained operators in rural areas. Small local grocers re...
