Report description:

In 2023, retail value growth was positive for tissue and hygiene in Costa Rica, with inflation and rising price points driving results. In 2022, Costa Rica experienced the highest inflation in over a decade, marking a significant economic shift. This inflationary trend notably influenced consumer purchasing behaviour throughout 2023. Faced with rising prices and reduced disposable incomes, consumers adopted a more pragmatic approach, favouring cost-effective brands and economy packaging. This sh...
