Report description:

Tissue and hygiene continued to see healthy value growth in Italy in 2023, supported by inflationary pressures which have pushed up unit prices. Meanwhile, this same inflationary environment is causing price-sensitivity in consumers, thus, many people are progressively reducing their spending by lowering the volumes purchased, selecting cheaper brands, and foregoing some products entirely.

Euromonitor International's Tissue and Hygiene in Italy report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues.
