Report description:

Bags and luggage experienced significant current value growth in India in 2023, marking a remarkable rebound from the setbacks faced during the COVID-19 pandemic. The category was heavily impacted by lockdown restrictions and decreased travel activity, particularly during the initial phases of the pandemic. However, following the easing of restrictions and the gradual recovery of the travel industry after the second wave, consumers embraced travel once again, engaging in what has been termed "re...

Euromonitor International's Bags and Luggage in India report offers a comprehensive guide to the size and shape of the market at a national level.
