Report description:

Retail sales of menstrual care products in Egypt recorded extraordinary growth in 2023. This value increase was largely driven by price increases, however, with volume growth being more muted. Inflationary pressures continued to be felt in the country throughout the year. Sanitary protection products remain essential for women in Egypt, with the female population expanding steadily. The rising number of women joining the workforce and pursuing higher education has led to increased demand for men...

Euromonitor International's Menstrual Care in Egypt report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
