Report description:

Comfort and functionality continue to be essential considerations for consumers when purchasing menstrual products. Menstrual care products that highlight "instant absorbency" with less leakage are popular among female consumers. These products not only make consumers feel safe, but also help to reduce the risk of infection in sensitive areas caused by prolonged contact with a wet menstrual product surface. Slim/thin/ultra-thin towels continued to achieve the fastest growth among all categories,...

Euromonitor International's Menstrual Care in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
