Report description:

Sales of retail tissue in Slovenia in 2023 saw growth in both value and volume terms. This expansion was primarily propelled by heightened hygiene awareness among consumers, a growing population, and the ongoing urbanisation trend. Post-pandemic, individuals became increasingly mindful of their health and wellbeing, leading to a surge in demand for tissue products. Notably, paper towels emerged as a popular choice for surface cleaning, further fuelling market growth. Additionally, the migration...
