Report description:

Tissue and hygiene registered a slight increase in constant value sales in Pakistan in 2023. Inflation continued to be very high and was being driven by several factors, including international commodity prices, global supply disruptions, flood damage to crops, steep currency depreciation and political uncertainty in the country. Local brands were shielded to an extent by currency depreciation, which made imported brands even more expensive. Consumers also looked to trade down in the face of cont...

Euromonitor International's Tissue and Hygiene in Pakistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
