Report description:

In 2023, consumer foodservice in Singapore recorded moderate current value growth, signifying a marginal slowdown since the spikes of 2021 and 2022 when pandemic-related restrictions were first eased. The industry has had to contend with a number of headwinds, including hikes in GST, changing regulations around manpower, rising costs of essential inputs, the growing number of outbound travellers, and rising budget consciousness amid an uncertain economic environment. The GST rate in Singapore wa...
