Report description:

In 2023, growth in polishes slowed in retail volume and current value terms compared with 2022, but the category continued its rebound post-pandemic, with retail value sales finally returning to the pre-pandemic (2019) level, even though retail volumes still did not achieve this target. Within polishes, shoe polish was the best performing category in 2023, as the return of in-person classes and business meetings drove sales of these products. However, growth was limited, due to the increased acc...

Euromonitor International's Polishes in India market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
