### **Report description:**

Processed fruit and vegetables saw solid retail volume growth and double-digit current value growth in India in 2023. The per capita consumption of processed fruit and vegetables remained low in India in 2023, as fresh fruit and vegetables continue to be the first choice when it comes to regular meal preparation at home. Furthermore, the easy availability, accessibility, and affordability of fresh fruit and vegetables makes it the preferred choice for regular consumption. Realising this, players...
