Report description:

Retail tissue in Austria recorded continued growth in current value terms during 2022, supported by an increase in average unit prices. With raw material, energy and transport prices rising substantially, manufacturers were faced with higher production costs and were forced to pass these onto consumers. However, demand was also boosted by the return of consumers to their busy, active lifestyles, alongside enhanced hygiene standards in the aftermath the pandemic. Boxed facial tissues boasted a pa...

Euromonitor International's Retail Tissue in Austria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
