Dhaka City Profile - Comprehensive Overview of the City, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

#### Summary

"City Profile - Dhaka" provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Dhaka.

- The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Dhaka is the economic and business capital of Bangladesh, accounting for 8.3% of the country's total GDP in 2022. Key growth sectors of the local economy include jute processing, readymade garment industry and the manufacture of chemicals, pharmaceuticals, electronics products, textiles, ceramics, and leather goods. The economy of Dhaka metropolitan area recorded a marginal higher growth rate of 6.99% in real terms in 2022. Sluggish external demand, on the back of looming uncertainty in global economy, slowed growth of the export-oriented manufacturing industries in 2022

#### Scope

- The service sectors remain the key contributors to the regional economy and the major employers. Export led economic growth boosted the manufacturing sector contribution
