Report description:

Sugar and sweeteners is expected to see continued total volume growth in India in 2023. Meanwhile, retail current value growth is expected to be significantly higher than retail volume growth, primarily due to retail price increases as a result of high inflation. Retail volume growth is in fact set to remain subdued despite the rising population, as some consumers have been reducing their intake of white table sugar at home due to increasing health concerns. Table sugar is little more than empty...

Euromonitor International's Sugar and Sweeteners in India report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data in volume terms 2019-2023, allowing you to identify the sectors driving growth.
