### **Report description:**

Deodorants in Vietnam turned in a convincingly positive performance in 2023, thanks in large part to rising living standards and higher hygiene-consciousness propelling greater concern in personal hygiene and grooming. The use of deodorants to combat body odour became more frequent. In addition, the weather and climate in Vietnam involves high temperatures and high humidity, making deodorants almost necessary from most people to remain fresh and comfortable throughout the day. Even in the countr...
