Report description:

Depilatories in Bolivia registered high current and constant value growth, though volume sales remained largely unchanged. With inflation continuing to rise, particularly for imports, consumers were price sensitive. As such, there was a degree of trading down behaviour, with for instance women opting to buy men's razors instead, which are often cheaper.

Euromonitor International's Depilatories in Bolivia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Hair Removers/Bleaches, Women's Pre-Shave, Women's Razors and Blades.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
