### **Report description:**

Men's grooming continued to recover in volume terms in Spain in 2023, albeit remaining in a negative slump, while value is more strongly supported by price hikes driven by inflationary pressures. The economic landscape and consumers' lower spending power are major factors in men's grooming as, beyond consumers' preference for gender-specific fragrances, multi-use products tend to be favoured in men's grooming. For example, as seen with the trend for budget-conscious families to purchase large fo...
