Report description:

Since the peak of the COVID-19 pandemic in 2020, mass beauty and personal care has steadily recovered in current value terms. In 2022, price increases were the primary driver of current value growth as inflation soared in Bosnia and Herzegovina. However, moving into 2023 consumer demand rebounded as inflation started to fall and the propensity to spend on mass beauty and personal care improved. In real terms, constant value sales of mass beauty and personal care products were on the cusp of retu...
