Report description:

Oral care is saw small value growth in Peru in 2023, with volume growth only just managing to achieve a sub-decimal positive figure. However, the baseline demand for oral care supports the category overall. Indeed, as consumers continue to become more aware of their health and wellbeing, including the oral health, specialised brands are beginning to expand their presence in the country. As seen in other categories, from skin care (with products recommended by dermatologists) to men's grooming (b...
