Report description:

In 2024, pet products in South Korea is set to maintain the trend seen in 2023, displaying overall resilience, but each category exhibiting its own growth trajectory. Cat litter, for example, is expected to see continued consistent and robust double-digit current value growth, primarily due to its essential role as a consumable in households with cats. This sustained growth can be credited to several factors, including cat adoptions, and increasing demand for premium cat litter options that prov...
