Report description:

Sun care has been seeing double-digit current value growth in Chile since 2020. Although there was a notable slowdown in the rate of increase in 2023 compared with the previous few years, it remained significant - in the double digits. The slowdown in growth was due to a combination of factors, starting with the effects of the high inflation rate in 2022, which also kept consumers' purchasing power constrained in 2023, leading growth in sun protection to mainly be driven by the mass segment, and...
