Report description:

During the initial years of the pandemic and for a period after associated restrictions were lifted, retail shelves in Costa Rica were somewhat lacking in variety when it came to baby and child-specific products, in that most stores only carried a limited assortment of items from major brands. With supply chain disruption having since largely eased, by 2023 shelves were fully stocked once again. Although global players continued to dominate and enjoy the broadest distribution coverage, lesser-kn...

Euromonitor International's Baby and Child-specific Products in Costa Rica report offers a comprehensive guide to the size and shape of the market at a national level.
