Report description:

Baby and child-specific products in Lithuania recorded positive retail value growth in 2023, with positive retail volume growth in most areas, particularly sun care and hair care. The category has a very concrete consumer base, and when it comes to expenditure, most parents will pay more for higher-quality goods for their children. This aids growth in all areas, primarily driven by the mid and premium-price sun, hair and skin care products in 2023, with parents paying more attention to derma cos...

Euromonitor International's Baby and Child-specific Products in Lithuania report offers a comprehensive guide to the size and shape of the market at a national level.
