Report description:

Cat food is performing better than dog food in Indonesia in 2024. This is attributed to a stronger predilection for people to keep cats over dogs (dogs require a greater amount of attention than cats, from exercise to training and general interaction, added to which, many Indonesians are Muslim and thus have certain religious beliefs against the keeping of dogs), along with the increasing trend of people feeding street cats, and a larger number of cats per household noted in higher-income househ...
