Report description:

2023 was a considerably better year for sales of colour cosmetics in Ecuador in comparison with what was seen in the category during 2022, when sales were still being negatively impacted by the COVID-19 pandemic. In particular, some consumers were still wearing hygienic face masks some of the time during 2022, which meant that they could not also wear colour cosmetics such as facial make up and lip products due to fact that masks would hide these cosmetics and the risk that the masks would smudg...
