Report description:

2023 saw a significant rise in hair care product prices in Kazakhstan due to increased raw material and logistics costs. Interestingly, this has not significantly impacted consumer demand. With the lifting of COVID restrictions, personal appearance has regained importance, and consumers are willing to pay more for products they perceive as enhancing their beauty.

Euromonitor International's Hair Care in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
