Report description:

2023 saw volume growth in oral care return to positive ground after two years of declining demand, with the most affordable brands and those which represent the best value for money generating the best sales performances. Against the backdrop of the adverse and complicated economic scenario that Ecuador has been experiencing for the past several years, many local consumers have become much more focused on saving money and, when shopping for oral care, less affluent consumers in particular are co...

Euromonitor International's Oral Care in Ecuador report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
