Report description:

The Bulgarian pet products category is expected to grow in 2024 in value terms. Growth will mainly be based on the growing interest and knowledge in caring about pet health, hygiene, wellness and entertainment. Pet humanisation is also ongoing while growing urbanisation and increased numbers of single-person households is strengthening the relationship between people and their pets, making them family members. This process is reflected in the growth of the small dog population because small dogs...

Euromonitor International's Pet Products in Bulgaria report offers a comprehensive guide to the size and shape of the market at a national level.
