Report description:

Pet ownership is expanding and developing rapidly in Taiwan and the numbers of cats and dogs registered as pets in the country continues to grow substantially, far exceeding the country's population of babies, infants and young children. As pet ownership rises and is increasingly seen as the norm, the country's pet care market continues to grow and develop. This situation is also being enhanced by improvements in the knowledge and sophistication of the local population when it comes to pet care,...

Euromonitor International's Pet Care in Taiwan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
