Report description:

Pet products is being supported by sales in pet healthcare in Vietnam in 2024, with other pet products (toys, bedding, etc.) also performing well. Ultimately, the performance of pet products is tied to the pet humanisation trends, although the category remains vulnerable to consumer cutbacks in times of consumer price-sensitivity as many of its products are seen as non-essential. This ultimately means a low level of brand loyalty, with trading down trends noted. Pet shops are superstores are the...
