Report description:

Skin care retained its status as one of the best performing categories in the Slovenian beauty and personal care industry during 2023. The category's strong performance during the year was mainly the result of more regular use of skin care products to maintain a clear complexion, which is very common among women, although increasing numbers of men are also becoming interested in maintaining a regular skin care routine. Another driver of growth in skin care is the rising number of acne sufferers...

Euromonitor International's Skin Care in Slovenia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Body Care, Facial Care, Hand Care, Skin Care Sets/Kits.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
