Report description:

Though there was double-digit growth in current value sales of depilatories in North Macedonia in 2023, volume growth was minimal and constant value sales fell slightly. Continuing high inflation, as well as a declining population, dampened value sales. There was also a degree of trading down behaviour, with for instance women opting to buy men's razors instead, which are often cheaper. That being said, home treatments remain much more popular than beauty salon offerings, as the average consumer...
