Report description:

Men's grooming in Malaysia registered strong growth in current value terms in 2023, with volume sales also on the up. This was driven in large part the greater attention men are paying to their appearance and overall wellbeing, particularly in the case of millennials and Gen Z consumers. When it comes to men's grooming local consumers tend to prioritise hair care, and men's styling products are key to development within men's hair care. Use of these products became more frequent during 2023 as m...
