Report description:

Other pet food is set to see significant current value growth in Ukraine in 2024. The other pet population is expected to rise slightly in 2024 having experienced a marked decline in 2022 as war broke out following the Russian invasion and a further fall in 2023. However, the number of other pets in the country is set to remain well below the level seen immediately before the war. As well as the dramatic change in people's circumstances because of the war and the difficult economic environment,...
