### **Report description:**

Pet care sales in Spain continue to see positive sales in 2024, in both value and volume terms. Value is supported by premiumisation trends and still-high unit prices in some instances, while baseline demand supports volume - which is showing slightly stronger growth compared to last year, when consumers continued to struggle with inflationary pressures (inflation is noted to be lessening, compared to the previous year).

Euromonitor International's Pet Care in Spain report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
