Report description:

Despite continuing high inflation, and also a falling population, skin care in North Macedonia registered some volume growth in 2023. It was also the best performing beauty and personal care product in terms of current value growth. Premium skin care registered higher value and volume growth than mass skin care, though mass skin care continued to account for more value sales. During the pandemic, consumers invested in skin care and in particular premium skin care, as they wore less make-up, and...

Euromonitor International's Skin Care in North Macedonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
