### **Report description:**

After seeing a good performance in 2022, deodorants in France again saw positive current value and volume growth rates in 2023, and recovered to the 2019 level of value sales (although it did not quite reach this target in volume terms). The warm summer of 2023 in the country, and the increased number of social interactions contributed significantly to growth. Almost all categories surpassed their pre-COVID-19 performances in value terms, except deodorant wipes, which continued its declining tre...
