Report description:

Demand for baby and child-specific products in the United Arab Emirates continued to rise in 2023, while value growth remained more dynamic. Local parents today are more informed about the ingredients in baby and child-specific products due to online marketing by brands and digital influencers. They gravitate towards safer, chemical-free, and high-quality options, particularly favouring dermocosmetics brands with dermatologically-tested formulations. Brands have adapted by emphasising features s...

Euromonitor International's Baby and Child-specific Products in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level.
