Report description:

Depilatories in France saw a minor current value decline and a more significant fall in volume terms in 2023, after positive performances the previous year. A number of factors contributed to this decline, most notably the value declines in sales of women's pre-shave, and hair removers/bleaches. These developments were mostly shaped by the state of the economic landscape, with France experiencing a spike in inflation that reached 5% in 2023. Consumers became increasingly price-sensitive as a res...
