Report description:

Menstrual care in Australia experienced growth in both retail volume and current value terms in 2023, fuelled by several factors. As consumers resumed their normal routines, including going back to work and being more mobile, the demand for menstrual care products increased. Convenience remains paramount for consumers, and disposable menstrual care items offer the convenience they seek, which contributed to the rise in demand. Moreover, the increase in overseas migration to Australia, particular...

Euromonitor International's Menstrual Care in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth.
