Report description:

Demand for oral care in South Africa remained stable in 2023, as this category is deemed essential for maintaining personal health and self-care. However, local consumers also continued to struggle with the ongoing cost-of-living crisis. Although oral care was added to consumers' monthly shopping baskets, South Africans prioritised certain distribution channels, buying these products in bulk when they were on promotion or special sales events to save money. Essential oral care for most consumers...

Euromonitor International's Oral Care in South Africa report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
