### **Report description:**

Retail adult incontinence in Australia experienced minimal retail volume growth and solid single-digit current value growth in 2023, driven by various factors, including an ageing population, rising consumer awareness, and a greater variety of products. Light and moderate/heavy incontinence saw similar performances in current value terms in 2023. Value growth can be attributed to a combination of factors, including a consistent increase in demand, and elevated inflation rates. Rising inflation p...
