Report description:

In 2023, tissue and hygiene in Australia performed well, with single-digit current value growth rates seen across both retail and away-from-home (AFH) tissue and hygiene, primarily driven by factors such as the high inflationary environment, and increased costs of raw materials and energy. Consequently, unit prices rose across the board. However, there were differences in terms of volume growth.

Euromonitor International's Tissue and Hygiene in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
