### **Report description:**

In 2023, video games in the United Arab Emirates recorded further dynamic growth, with winners and losers emerging in various categories. Among the fastest performers were AR/VR headsets and hand-held consoles, driven by the release of upgraded models with enhanced features such as AI integration and sustainability initiatives. The rumoured 2025 launch of the successor to Nintendo Switch, incorporating AI-powered features for improved gaming experiences, has helped contribute to anticipation in...
