### **Report description:**

In 2023, video games in the US saw insignificant current value growth. Nevertheless, video games software saw a stronger performance, and 2023 will go down in history as one of the biggest years for video games software. Major series titles such as Baldur's Gate 3, Diablo 4, Alan Wake 2, and The Legend of Zelda: Tears of the Kingdom all continued their respective series with performances that were widely praised, and in many cases nominated for Game of the Year. New IPs also saw an important year...
