Report description:

Demand for eyewear in Thailand continues to recover in 2024. Though the market remains somewhat hindered by economic uncertainty and cautious spending behaviour amid economic uncertainty, eased restrictions have pushed a fuller return to pre-pandemic patterns and habits. The result is increasing optimism in the local market. The return to offices, schools, out-of-home socialising and travel are supporting demand across all eyewear categories - especially in sunglasses. While primarily serving as...

Euromonitor International's Eyewear in Thailand report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2019-2023), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Contact Lenses and Solutions, Spectacles, Sunglasses.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Eyewear market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
