Report description:

A growing economy and favourable macroeconomic factors, such as low unemployment and a growing housing market, drove value sales growth in Mexico's home and garden market in 2023. While growth was marginal in home furnishings, it was more robust in gardening, home improvement and homewares.

Euromonitor International's Home and Garden in Mexico report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth. It also identifies the leading companies and their brands, and offers strategic analysis of key factors influencing demand - from new product developments, consumer lifestyles, route to market and pricing issues. Forecasts to 2028 illustrate how market demand is expected to evolve in the medium-term

Product coverage: Home Improvement and Gardening, Homewares and Home Furnishings.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Home and Garden market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
